VOL. 55—NO. 63 JACKSONVILLE, ILLINOIS, TUESDAY MORNING, MARCH 15, 1921 TEN PAGES—THREE CENTS

BIG INTERESTS HAVE STRONG INFLUENCE IN THE FRAMING OF LAWS

Head of National Farmer's Union Charges the Members Know all Legislative Avenues In City --Foreign Governments are also Interested In Results.

(By The Associated Press)
WASHINGTON, March 14.—Existence of a new and powerful assistant government, in Washington, consisting of representatives of varied interests in charged in a statement issued tonight by Charles S. Barrett, president of the National Farmers' Union and chairman of the National Board of Farm Organizations.

"The assistant government," Mr. Barrett says, "has one advantage over the constitutional government. It is an association of specialists, eminent men and women who know all the legislative, administrative and bureaucratic avenues, streets and alleys in Washington, belong to this interesting and patriotic collection of men and women."

Individuals named by Mr. Barrett as included among these are Joseph DeFrees of Chicago, president of the United States Chamber of Commerce; Alfred P. C. general counsel of the Association of Railway Executives; J. D. A. Morrow, vice-president of the National Coal association; George H. Cushing, managing director of the wholesale coal dealers' association; James A. Emery, general counsel for the National Association of Manufacturers; Willis Tompkins of the Hardware Lumbermen's association; John H. Kirby of the Southern Pine association and R. T. Strassburg, president of the National Canners' association.

Interests involved.

Other interests, Mr. Barrett said are represented in the "assistant government," are the Institute of American Meat packers, the American Automobile association, the Southern Pine Men, Manufacturing Chemists association of America; Council of American Cotton Manufacturers; Highway Industries' association; American Automobile Chamber of Commerce; National Bureau of Wholesale Lumber distributors; American Mining congress; American Realty Exchange; National Merchant Marine association; League of Commission Merchants of the United States; National Petroleum association; American Patent Law association; American Patent Law association; National Committee on Gas and Electric Service, National committee on Public Utility Conditions, National Association for Constitutional Government, National Association for Protection of Rights in Mexico; National Popular Government League; National Negro Business League; National Voters' League; National Forestry association, National Patriotic Press; League for the Preservation of American Independence; National Association of Colored Races; National Committee of Armenian and Syrian Relief; National Federation of Federal Employees, and National Women's Trade Union League.

Even the foregoing governments are not without their representatives, according to Mr. Barrett. He says:

Governments Even Take Part

"Of course it is improper for a foreign diplomat to attempt to influence American legislative or executive action, but a way has been found to accomplish this. Legislative committees have been created under the names of educational bureaus or such like. These have no definite connection with any accredited diplomat, nevertheless the country which the diplomat represents is responsible for the activity."

Mr. Thom according to Mr. Barrett "knows more about the transportation problem insofar as it may be made a subject of national legislation, than any man in the United States."

"Mr. Thom has for many years been the most influential member of both houses of congress on what ought to be done to and for the railways, Mr. Barrett continued. "He has himself on many occasions been able to divert the thoughts of leaders from other and important legislation to matters in which the association of railway executives are especially interested."

"An example of this peculiar ability is that Mr. Thom and his associates found a right of way for the Winslow bill, a measure which authorized the treasury to make partial payments of the guarantee fund to the railways."

"One of the most virile and successful organizations assisting the government in its effort to give the people an enlightened administration is the National Association of Manufacturers."

EMPLOYES AND PACKERS WILL MEET MARCH 21

Select This Date to Confer With Secretary Davis

PACKERS SAY THEY DO NOT FEAR STRIKE

(By The Associated Press)
CHICAGO, March 14.—The big five packers and representatives of their employees today agreed to meet on March 21 in Washington with Secretary Davis, who has offered his services as mediator in the hope of averting a threatened strike in the packing industry.

Union men said their representatives had not been selected and suggested that Secretary Davis request the presence of J. Ogden Armour and other big packers.

Representatives of the men objected to the appearance of the two attorneys who will represent the packers, declaring that the absence of the principals would tend to delay the proceedings. The packers declared their attorneys would have full authority to represent them and that any action they took would be binding.

Operating With Full Forces.

All the big packing plants were operating with full forces today, the first day under the recently announced cut of from 12 1/2 to 15 per cent in wages and readjustment of working hours. A statement issued by J. Ogden Armour, of Armour & Co., said: "The public has little reason to fear interruption of the meat supply as the result of a strike. It must be obvious even to the union leaders that we will be able to continue operating. Reports from Omaha, St. Louis, Kansas City, St. Joseph, Fort Worth, Sioux City and other packing centers this morning indicated there were several thousand applicants for jobs at our employment offices. This is much more than usual. We firmly believe that the great bulk of our employees intend to stay on the job."

"We counsel retail dealers against creating an artificial shortage by stocking up with fresh meat to provide against the possibility of a strike. Such a rush of buying would tend to force prices up without anybody particularly benefited."

WILL CUT WAGES OF MARINE WORKERS

(By The Associated Press)
NEW YORK, March 14.—Marine workers employed on ferries, tugs, barges and other floating equipment of railroads in New York harbor will be asked within the next few days to accept wage reductions ranging from 15 to 25 per cent, it was learned tonight. The proposed schedule of wage cuts, it was learned, was approved today at a meeting of the General Managers' Association, an organization of general managers of all railroads with terminals in this city. Each of the railroads will immediately notify employees of the proposed reduction and call conferences in an effort to bring about an adjustment.

While no date was decided upon to make the reduction effective railroad officials said that it probably would take effect April 15 or May 1.

UTILITY HEAD'S WIFE COMITS SUICIDE

Springfield, Ill., March 14.—Mrs. C. F. Handshy, wife of C. F. Handshy, general manager of the Illinois Traction System, committed suicide at her home this afternoon by cutting her throat. She was said to be suffering from a fit of melancholia following an illness of more than two years' duration. Mr. Handshy who discovered his wife's body lying across the bed when he came home tonight, is said to be on the verge of a collapse.

BILLS ADVANCED TO SECOND READING

Springfield, Ill., March 14.—With only a few scattered members present the house of representatives late today advanced 21 bills on the calendar to second reading. In the absence of Speaker Dahlberg, Republican, Jacob Frisch of Springfield, occupied the speaker's chair. Mayor William Hale Thompson of Chicago will head a delegation to appear at a joint hearing on the Thompson five cent traction bill tomorrow.

WISCONSIN RATE CASE NOW BEFORE SUPREME COURT

Wisconsin Joined in Case by Forty Two States

CLAIM RECOGNITION OF STATE AUTHORITY

(By The Associated Press)
WASHINGTON, March 14.—Resuming today before the supreme court his argument in behalf of the carriers in the Wisconsin rate case, Bruce Scott, general solicitor of the Chicago, Burlington & Quincy railroad, asserted that broad powers were given the interstate commerce commission by congress deliberately to obviate the necessity of government ownership.

"When congress terminated government control," Mr. Scott said, "it found that the railroads' condition required new legislation. The public did not wish government ownership and the alternative was to give new powers to a single agency for the rehabilitation of the railroads in the public interest. Among these powers was that given the interstate commerce commission for the first time to prescribe state rates to remove discrimination."

The Wisconsin rate case embodies an appeal of the Wisconsin railroad commission from an injunction restraining it from interfering with the Burlington's attempt to follow an order of the interstate commerce commission authorizing increased rates. Forty-two states have joined with Wisconsin.

Thirty-One State Obey Order.

Mr. Scott declared 31 states had obeyed the order immediately while other states granted the freight increase alone, being restricted by specific statutes to action on that class of transportation.

John E. Benton, general solicitor for the National Association of Railway and Utilities Commissioners, selected to represent the agencies of the states co-operating with Wisconsin, followed Mr. Scott. He devoted much argument to a review of historical precedent which tended to uphold the contention that the interstate-commerce of a state was reserved to the supervision by the constitution.

Full recognition of this by congress, he said, was shown many times in the progress of the transportation act thru the house and senate.

Mr. Benton asked that the act "be held in violation of the federal constitution and that the findings and order of the interstate-commerce commission be held illegal and void."

Recognized State Authority

The contention that congress had specifically recognized the exclusive authority of the state over its internal commerce was supported in a special brief filed today. The proposed interstate-commerce committee, in April, 1919, the brief asserted, substituted in a senate measure a provision that "no change or increase shall be made in interstate rates, fares or charges without first secured the approval of the proper state regulatory tribunals."

This provision was accepted by both the house and senate, the brief said, and when President Wilson vetoed that particular measure, on November 19, 1919, his message left no doubt as to his interpretation of congress to make a complete restoration of power to the states.

Alfred P. Thom, counsel for the Association of Railway Executives, who followed Mr. Benton, urged that "either the commerce power, conferred on congress by the constitution standing alone, the war power, standing alone, or the power to establish post offices and post roads, standing alone," was adequate to determine the authority of the interstate-commerce commission.

"The argument is essentially unsound," Mr. Thom continued, "which concedes to the national government the power to declare and to remove a discrimination of a single rate made by a state against a competitive interstate rate, but denies it the power to declare and remove a discrimination created by a body of state rates against the entire structure of interstate commerce."

THREE IMPORTANT POSTS ARE FILLED BY PRESIDENT HARDING

Names J. Mayhew Wainwright as Assistant Secretary of War

LA FOLLETTE OBJECTS TO APPOINTMENT

(By The Associated Press)
WASHINGTON, March 14.—President Harding today filled three important posts in his administration and asked the senate to again promote its special session to act on further nominations, he expects to submit tomorrow. As assistant secretary of war, the president named J. Mayhew Wainwright of New York, who served in the war as a national guard colonel on the staff of the twenty seventh division, and as assistant secretary of the treasury in charge of foreign loans, he designed Eliot Wadsworth of Boston, a retired business man, Eugene Meyer, Jr., of New York was nominated as a director of the war finance corporation, a post he had held under the Wilson administration.

All three nominations and numerous army promotions were confirmed without prolonged debate. Whether the names to be sent to the senate tomorrow will include selections for the shipping board, were uncertain tonight, but there were indications that the president hoped to reach some decision soon in regard to several board members.

Many Are Considered.

During the day he talked with Frank C. Munson, of the Munson Steamship line and James A. Farrell, president of the United States Steel Corporation both of whom have been mentioned as possible chairmen of the board but both of whom denied they were under consideration. The senate today acted favorably on all but two nominations before it. The two nominees which failed on confirmation were former Representative John J. Esch of Wisconsin to be a member of the interstate-commerce commission and Charles C. Madison of Kansas City, Mo., to be United States attorney for the Western district of Missouri. Both were referred to committees after objection to their immediate confirmation had been made by Senators La Follette, Republican, Wisconsin, and Spencer, Republican, Missouri, respectively.

The list of army officers, numbering about 5,000 whose nominations were confirmed, for the most part with that sent to the senate at the last session by President Wilson.

CRIME WAS WORSE THAN BANK ROBBERY

This is Way Former Senator Characterizes Mob Action in Kansas -- Non-Partisan Leaders Tarred and Beaten.

(By The Associated Press)
Salina, Kans., March 14.—J. Raup Burton, former senator from Kansas, issued a statement today, denouncing occurrences at Great Bend, Kans. Saturday night, in which non-partisan league officials were beaten and tarred by the mob and "left on the prairie to die."

Both men are in Salina today and the injuries are not dangerous, it is said.

Mr. Burton said he had appealed to state officials at Topeka to punish the leaders of the mob.

**MAY OFFER NEW ISSUE
OF FARM LOAN BONDS**

WASHINGTON, March 14.—A new issue of farm loan bonds to the amount of approximately \$75,000,000 will probably be offered for subscription in the next few days, treasury officials said tonight. Issuance of new bonds, Commissioner Lobdell said at the time of the supreme court decision on February 28, upholding legality of the federal farm loan act, would be made as soon as possible but he intimated it would be at least thirty days before the funds would be available for actual loaning.

"In the present money market the bond rate will have to be advanced five per cent," Commissioner Lobdell said. "The interest rate to the borrowers will have to be correspondingly advanced to six per cent."

SLEEPING SICKNESS CAUSE OF DEATH

Freeport, Ill., March 14.—Mrs. Roger Eastman, 40, is dead today at Lena, Ill., as the result of the first fatal case of sleeping sickness reported in Stephenson county. It was taken ill with tonsillitis three weeks ago, sleeping sickness symptoms developing.

DETROIT WILL HOLD MOTOR BOAT RACES

New York, March 14.—Motor boat races for the gold cup, emblematic of the North American championship, will be held at Detroit, August 27, 29, 30 and 31. It was announced tonight by Commodore J. L. Judson of the Motor Boat Club of America.

IMMIGRATION TO BE DIVERGED FROM CITY TO COUNTRY

Plenty of Small Farms For Thousands of Immigrants

HOPE TO ELIMINATE SO CALLED RED DANGER

(By The Associated Press)
WASHINGTON, March 14.—Plans to divert immigration from cities and industrial centers and to co-ordinate agencies of the departments of interior, agriculture and labor, to place newcomers on small farms, were announced today by W. W. Husband, commissioner of immigration. Mr. Husband, who succeeded A. J. Caminito, was sworn in today.

Mr. Husband made public a plan of Secretary Davis, which he declared would help solve the immigration problem and correct the economic situation arising from the flow of population to the large cities.

"There is land enough in this country for millions of small farms," Commissioner Husband said, "land the department of the interior is opening in the west for entry lands in the south and elsewhere that are now swamps, but that can be drained and put to use, and still other lands in the east, abandoned as farms by the drift of our population to the cities."

Would Create New Farms.

"Our plan is to place American farmers with foreigners, but to create new farms and make new farmers."

The majority of our immigrants are peasants, and essentially farmers. American labor, under present conditions never would take up in large tracts the land now idle but by cutting them up into small farms and offering them to the immigrant we will offer them a chance to realize his life's dream—to own land and at the same time we will be rendering an economic service to the country.

"Our plan is not to send these people out in sparsely settled sections, neither do we plan to start foreign settlements in the strict sense of the term, but we plan to group them, some what on the European village plan, and offer them the advantages of expert agricultural and home demonstration instruction thru the department of agriculture, and to add them in taking advantage of the farm loan act."

"By handling the immigration problem in this manner we will do away with the 'Red' danger. The farm with the advantages we can offer, will be the best sort of an Americanization school."

DENBY WILL WATCH TARGET PRACTICE

(By The Associated Press) WASHINGTON, March 14.—Secretary of the Navy Denby will leave Sunday for Guantanamo, Cuba, where he will witness target practice and winter battle maneuvers of the Atlantic Fleet. Later he will go to Haiti and the Dominican republic to inspect marines stationed on the islands and will return to Washington about April 15.

The secretary will make the trip south by rail to Key West, Fla., and from there he will go to the fleet base at Guantanamo on a destroyer. He will be accompanied by Captain J. K. Robinson of naval operations and Col. D. D. Porter, of the marine corps.

In making announcement tonight of his contemplated visit, Mr. Denby said he intended to familiarize himself with the administration and work day routine of the battle fleet. His visit to Haiti and the Dominican republic has no connection with recent efforts to obtain the withdrawal of American marines from the islands, he said, and will be one of inspection only.

CHIPERFIELD IS VICTIM OF ATTACK

(By Associated Press)
LEWISTOWN, Ill., March 14.—Col. B. M. Chipperfield, former congressman and recent unsuccessful Republican candidate for the United States senate, was the victim of an attack in the court house today by Richard Robinson, a coal miner of Norris. He told the police his brother and father had been killed in France in the world war and that Colonel Chipperfield was responsible. The former congressman said he never saw his assailant before.

MANY ENTRIES FOR LAWN TENNIS MEET

New York, March 14.—A Davis cup challenge from Argentina, the first from a South American country in the history of the international competition, was received today by the United States Lawn Tennis association. The entry—list which closes tomorrow was brought to twelve by the challenge.

A record number of entries already received shows how firm a hold the sport has upon the people of all nations, said Julian S. Myrick, president of the association.

PRESIDENT HARDING SELECTS APRIL 11TH FOR SPECIAL SESSION

Senate Was Notified of Date by Senator Lodge—Believed Majority of Members Favor Giving Tariff Legislation the Right of Way—Soldier Bonus Part of Program

(By The Associated Press)
WASHINGTON, March 14.—April 11 was selected as the date for the special session of the sixty seventh congress, the first to be held under President Harding's administration. The announcement was received with general satisfaction by senate leaders.

Senator Lodge of Massachusetts, the Republican leader, notified the senate of the president's decision late today after he and Senator Underwood of Alabama, minority leader, had returned from the white house. They had gone to the president with a message from the senate that it stood ready to adjourn sine die unless there was need for it to remain in session to receive executive messages or act upon additional appointments to government offices.

The president requested the senate to meet at 11 o'clock tomorrow when he said he expected to submit names of nominees for "important offices," vacated by resignation of Democratic appointees.

Whether tariff or internal tax revision shall be accorded second place on the fiscal program was left for final distribution at a conference which Chairman Penrose of the senate committee and Chairman Fordney of the house committee plan to hold tomorrow with President Harding. The final program, Senator Penrose said, probably will be announced after this conference.

Favor Right of Way for Tariff

The majority of committee members attending today's conference were said to favor giving right of way to tariff revision legislation. Agreement, it was said, was unanimous against attempting to enact any temporary stop-gap tariff bill, the feeling being that any tariff legislation enacted should be of a permanent nature.

The soldier bonus bill, a collateral issue, is to be a part of the Republican fiscal program. Senator Penrose and Representative Fordney announced, Senator Penrose predicted that the bonus bill would be passed at an early date. Prior to the conference, Senator Watson, of Indiana, one of the Republican members of the finance committee, issued a statement declaring that internal tax legislation should precede revision of the tariff, adding that the business world expects immediate relief from the great burden of taxation now imposed upon it.

"We should at once repeal excess profits taxes and the higher surtaxes and substitute for them a moderate sales tax and at the same time clarify and simplify the administrative features of the law," Senator Watson said.

The members of the two committees in agreeing to give preference to an anti-dumping bill also decided to attempt enactment of legislation providing for American valuation of imports. This legislation would apply to the ad valorem duties collected under the present Underwood law and is a policy where it is planned to write into the new tax legislation. Its result Senator Watson said.

Representative Fordney said he would be in conference with President Harding today.

"The final program will then be announced. The preponderance of opinion was toward taking up of tariff legislation first, but with the suggestion that as nearly concurrently as possible there should be action on revenue legislation so as to assure the taxpayers of relief."

"An effort is to be made to press the measures as along as fast as possible."

Referring to the sentiment against attempting a temporary or make-shift tariff bill, Senator Penrose said that both "committees are fully alike to the requirements of the agricultural situation."

Chairman Fordney said he believed the house committee might have a tariff bill ready when the extra session of congress convenes April 11.

"It would be brought out right away," said Mr. Fordney, "and passed within ten days by the house."

DEATH OF BABY HALTS MATEWAN MURDER TRIAL

Court Adjourns That One of the Defendants May Attend Funeral

HAND WRITING EXPERTS TESTIFY

(By The Associated Press)
WILLIAMSON, W. Va., March 14.—Realization that the end of the Matewan battle trial was in sight today served to increase the tension in the courtroom where 17 defendants are being tried in connection with the fight. Other circumstances too served to lend a gloomy atmosphere as the state called its rebuttal witnesses. Arch Williams, a defendant, was uninterested in the progress of the trial for he had learned that his two year old baby lay dead at Matewan.

"Doug" Mounts, another defendant, sat in court tho seriously ill with influenza.

When told of the death of the Williams' child, Judge Bailey announced there would be no morning session of court tomorrow. Williams left tonight for Matewan in company of a deputy sheriff to attend the funeral.

Hand Writing Experts

Three hand writing experts were the principal rebuttal witnesses heard today. They were called to testify in regard to a warrant which previous witnesses said Albert C. Felts, a Baldwin man had for Sid Hatfield, chief of police of Matewan and a defendant on the day of the battle.

All testified they are acknowledged experts in the art of hand writing and all agreed that Dan Chambers of Charleston, formerly a Matewan bank clerk had prepared the warrant. The body of the form, they told the jury, was written by Chambers in imitation of Squire A. Hatfield's handwriting and that the signature was a forgery of Squire R. R. Stafford's name.

Stafford previously had testified that the warrant presented in court was not issued by him and Squire Hatfield denied he had issued it. Chambers, a defense witness, denied he had written the warrant.

WELFARE COMMISSION CONCLUDES INVESTIGATION

Springfield, Ill., March 14.—The state welfare commission headed by Judge Benjamin D. Burroughs, of Edwardsville, today concluded its investigation of an alleged assault upon a prisoner by Sheriff Henry Mester of Sangamon county, March 6 and will probably make its recommendations to the department of public welfare tomorrow. Testimony of witnesses including the sheriff, the prisoner, W. J. Schoonmaker, of Passaic, N. J., physicians, deputies and newspaper reporters varied only in the extent of the sheriff's violence. Schoonmaker was not seriously injured by the beating, the testimony disclosed. The investigation was conducted in the sheriff's office.

Decatur offered \$1,000,000 worth of water company stock to finance its big water project. In less than a week's time the subscriptions totaled \$1,176,450. The figures speak in a very significant way of the fine faith and local patriotism of Decatur citizens.

No more significant thing is contained in the community study of Jacksonville and Morgan county, under the auspices of the Morgan county chapter of the Red Cross, than that 57 per cent of the children of Jacksonville attend a moving picture theatre at least once a week.

Grand Theatre Tomorrow and Thursday TOM MIX

"THE TEXAN" WILLIAM FOX PRODUCTION

Taking the county as a whole, the average is 42 per cent. These figures indicate the power of the movies and how very important it is that the right kind of pictures should be screened.

The railroad unions charge the executives with a widespread conspiracy to break down wages. Ordinarily we think of a conspiracy as something done quietly, with every effort made for secrecy. But that is not what is happening in the present railroad situation, for the executives have loudly proclaimed the necessity of reducing wages and increasing efficiency, so that it may be possible to pay a reasonable amount of profit on the capital invested.

The Morgan county board of commissioners not long since went on record as opposed to the bill introduced in the legislature which would abolish highway commissioners and have the funds for highway improvement paid to the state. The opposition to this bill is quite general among county officials and with good reason. There are some advantages in centralized control for good roads work, but this good thing can be overdone. The state highway department has plenty of opportunity for development of its work without taking over the duties of the highway commissioner.

In a number of localities persons directly interested in motor-ing have expressed opinions against the construction of hard roads while present costs continue. Thus the position taken by Gov. Small is endorsed. The Chicago Tribune while not criticizing the Governor's attitude, is inclined to the opinion that roads are cheap at any cost and should be built. That view may be all right in theory, but the state would be very much dissatisfied with the mileage of roads secured thru the \$60,000,000 bond issue on the basis of present day costs.

THE COUNTRIES WHICH BUY AMERICAN GOODS.

Cuba with imports from this country valued at \$278,391,000 during the calendar year 1919 was the best market in all of Latin America for American goods, according to a special review of American exports by countries just published by the Bureau of Foreign and Domestic Commerce of the Department of Commerce. Our next best customer in Latin America was Argentina with an import valuation of \$155,899,390. Mexico made purchases to the value of \$131,455,000. Even the inhabitants of the Falkland Islands liked American goods so well they sent us \$170,123 for merchandise received.

The figures show that the United Kingdom was our most important customer, considering the entire world, American exports, amounting to \$2,278,000,000 of which \$2,125,000,000 went to England, \$118,000,000

to Scotland and \$35,000,000 to Ireland. American exports to Europe as a whole were valued at \$5,187,000,000.

In the Far East, Japan heads the list with purchases of American goods amounting to \$366,000,000. China is next with imports from this country valued at \$105,539,583.

The publication referred to is the only report issued by the Government which reviews American exports by countries in convenient form for ready reference. The other official reports show the articles, but are not arranged so that each country can be studied separately.

NEARLY A BILLION AND A HALF SAVED.

Total appropriations made by the last session of congress for the next fiscal year amounted to a p p r o x i m a t e l y \$3,800,000,000. The estimates submitted by the retiring administration reached a total of \$5,250,000, thus indicating a saving to the people by the Republican congress of about \$1,450,000,000. That record of economy is in line with that which has prevailed thruout the two years of the Congress that has just expired. Savings will continue in the future, but there will not be the great discrepancy between estimates and appropriations. The budget in the future will be prepared by a Republican executive branch of the Government, as intense in economy as the Republicans in Congress.

A REAL CABINET.

Mr. Harding has wisely pursued the policy of giving the heads of departments in his administration a free hand in performing their duties," declares the Republican Publicity Association. "They are to be real officials, not mere messengers. Moreover, their responsibilities will be commensurate with their powers. Theirs is the power to act, and theirs must be the responsibility for failure to get results. Mr. Harding has recognized the fact that the United States Government is too big for any man to run. This being true, he has called to his assistance men who are accustomed to managing large affairs, and will entrust them with authority to do what they can do in conducting business for the government. The ultimate accountability, of course, rests upon Mr. Harding, for he has selected the men who will fill the positions, but responsibility for the manner in which the duties are performed will be with the incumbents of the several cabinet positions.

It is also a wise policy of Mr. Harding to call frequent cabinet conferences so that there shall be unity of effort and avoidance of duplication or conflict in official action in which numerous instances in which departments of the Wilson administration have worked at cross purposes were almost enough to create doubt as to the ultimate success of our form of government. We shall now see the result of having real men and not mere rubber stamps in cabinet positions."

ART FABRIC EXHIBIT TWO MORE DAYS

Many people during the past few days have had the pleasure of viewing the textiles and art fabrics which have been on view at the David Strawn Art Home. This exhibit was made possible by the Metropolitan Art Museum and the local persons interested in art feel fortunate that they have been able to have the exhibit here. It will continue for two days more, and the public is cordially invited to take this final opportunity for inspecting these works of art.

NAME OMITTED

In the article which appeared in Sunday's Journal with reference to the arrangements for the D. A. R. conference, the name of Mrs. Charles A. Johnson was thru error omitted. Mrs. Johnson is a member of the committee on information and also of the committee on hospitality.

It is because of this ideal that in recent years and months a community church has come into new recognition and lines of denominationalism where they promote non-effectiveness are being blotted out. A community church by fostering all things that are good and helpful is certain to become stronger as the days and years go by.

The people of the Grace Chapel neighborhood are thinking of making betterments in the church building and there is a constant sentiment for development of community enterprise.

LOCAL YOUNG WOMAN MARRIED IN EAST

Miss Cecil Templin Weds Archie Mickalik in Providence, Rhode Island.

A paper clipping from the New York Times has been received of the wedding of Miss Cecil Mignonne Templin, of Washington, D. C., formerly of this city, to Mr. Archie L. Mickalik, of Providence, R. I.

The wedding took place March 6, at the St. Joseph's Episcopal church in the presence of a large gathering of relatives and friends. The double-ring ceremony was performed while Master Paige Ludwig, the little 6 year old nephew of the groom acted as ring-bearer, being followed by the bridesmaids.

The bride was dressed in a silver-grey gown draped with exquisite beaded lace which had been worn by the mother and grandmother of the groom on their wedding gowns. She carried a large bouquet of bride's roses.

After the wedding a reception was given at the home of Mrs. Paige Ludwig, sister of the groom on 113 street, W. New York City, N. Y. after which the bride and groom were escorted to the wharves under confetti and rice showers where they took a steamer for Boston, Mass., and Providence, R. I. After an extended tour thru the north they expect to return to Washington, D. C., where they expect to make their home.

The bride is the daughter of Mr. and Mrs. George G. Templin, of this city. She obtained her schooling in the public schools, afterwards going to Brown's Business college, graduating from there in 1916. For the past three years she has been employed by the government in Washington, D. C., where she has been very successful in the business world, and has accumulated a large circle of friends.

The groom is the son of Mr. and Mrs. Thomas Mickalik of Providence, R. I., having graduated from University of Rhode Island. He served 14 months in active overseas duty where he received a commission. Previous to his enlisting in the army he was prominent in the movie world. At the present time he is attending school in Washington, D. C. Later he will again take up movie work.

Their many friends wish them much happiness and joy thruout their married life.

GRACE SUNDAY SCHOOL

The special preliminary music by the orchestra each Sunday morning is being greatly enjoyed. Russell Pinkerton played a trombone solo very acceptably, assisted by the orchestra. The epidemic of children diseases effects the attendance of the children in the younger departments. There were in attendance yesterday 286 and an offering of \$11.57.

Tuesday afternoon the boys under scout age will meet at the church after school, with Fred B. Hopper in charge.

Wednesday evening the teachers and officers will meet and supper will be served promptly at 6 o'clock. Rev. Gowdy will address the workers. A full attendance of Sunday school workers is desired. Prayer meeting at 7:30.

Thursday evening the scouts will meet at the church under Scoutmaster Zellmar. Next Sunday will be "Dads' Day in the school. Every man related to the church is urgently invited to attend.

COMMUNITY CHURCH DISCUSSED BY MR. KENDALL

At a service held Sunday afternoon at Grace Chapel, northwest of the city County Agent G. B. Kendall made an address. Rev. Mr. Wallace of Concord is the pastor of the church, but the regular service time was given over to Mr. Kendall, who had "A Community Church" as his theme. The speaker brought out the thought that the church of today which best serves any community is the center of all activities that are for the betterment and upbuilding of that community.

It is because of this ideal that in recent years and months a community church has come into new recognition and lines of denominationalism where they promote non-effectiveness are being blotted out. A community church by fostering all things that are good and helpful is certain to become stronger as the days and years go by.

The people of the Grace Chapel neighborhood are thinking of making betterments in the church building and there is a constant sentiment for development of community enterprise.

URANIA CONFERS SECOND DEGREE

The Urania Lodge, No. 240, I. O. O. F., held a very interesting meeting Monday night and the second degree was conferred on the following: George H. Bussey, Harry Wilson, C. T. Fischer, A. K. Fischer, C. J. Wolke, E. J. Meyers, Robert Sperry, Leslie C. Moore, F. E. Wannamaker, R. M. DeGroot and Otho Lewis. IMPRESSIVE FUNERAL RITES FOR FR. MORONEY

Services Will Be Held at Church of Our Savior This Morning—Many Priests in Attendance.

The remains of Rev. Father David J. Moroney reached Jacksonville Monday afternoon, accompanied by John H. O'Donnell, and were taken to the home of Louis A. Cain, 1006 West State street. The funeral service will be held at the Church of Our Savior at 9 o'clock this morning and will be very impressive, as a number of church dignitaries will participate.

More than forty priests came to the city last night to attend the services and others are to arrive today. So many requiem mass will be celebrated by Rev. John P. Moroney, of Panama, brother of the deceased, with Father A. E. Robinson, of Panama, deacon, Father Sheehy, of Carrollton, subdeacon, and Father Edward Cahill, of Jacksonville, master of ceremonies.

The remains were brought to Carrollton from Cold Springs, Fla., Sunday, and were viewed by many who had learned to love and honor the deceased priest during his pastorate there. A special train will be run from Carrollton this morning to afford Greene people opportunity to attend the services.

Among persons here for the funeral are Mother Celsus, of Springfield; Mother Josephine, of Panama; Sister Antoneus, of Panama; Sister Mary Bernard, of St. Louis; Sister John P. Moroney, of Rev. A. E. Robinson, of Clancy, Jerseyville; Rev. Thomas Cusack, of Murrayville; Rev. Eckhart, of Jerseyville; Rev. Nell Eigham; Rev. Mahoney, of Petersburg; Rev. Costello, of Greenfield; Rev. MRS. WISEMAN'S DEATH OCCURRED MONDAY

Well Known Resident Passed Away Following Long Period of Illness.

The death of Mrs. Abbie A. Wiseman occurred at 5 o'clock Monday afternoon at her residence on West North street. The deceased had been ill for seven weeks with pneumonia and it was the effects of this disease which resulted in her death.

Mrs. Wiseman, whose maiden name was Abbie Livensberger, was a native of Louisiana, Mo., where her family had long been resident. As a young woman she became the wife of Charles A. Wiseman, who for a long period engaged in steamboat navigation. He was in charge when the Yellowstone river was first opened to navigation and was located at Ft. Burford. In addition he was associated with other pioneer navigation efforts in the north and northwestern parts of the U. S., and was often accompanied by Mrs. Wiseman.

Later the family home was established at Shelbyville, Ohio, where Mr. Wiseman's death occurred. About 1891 Mrs. Wiseman and her sons, Frank and George, became residents of this city. In the course of a few years Frank succumbed to illness, so that the son, George, who is one of the well known young men of Jacksonville, is the only surviving member of the family.

The deceased also leaves two sisters, and two brothers, Mrs. James G. Glore, of Louisiana; Mrs. Daisy Jericho of Naperville; Harry Livensberger of Seattle, and L. B. Livensberger, of Fargo, North Dakota.

With passing years Mrs. Wiseman attained a wide circle of friends in this city. She was a woman of fine dignity and gentle kindness of spirit, and thru the years was faithful and earnest in her religious belief. The funeral service will be held Wednesday morning at 9:30 o'clock at the A. G. Cody undertaking rooms on West State street. The Christian Science church will be in charge of the service. Interment will be made at Louisiana.

UNINJURED BY TORNADO

A telegram received Sunday by Claude Williams and family brought the welcome news that their relatives in Shreveport, La., were uninjured by the tornado which visited that city Friday night. The telegram was from Harry Jenkins, father-in-law of Mr. Williams, and merely gave the information that the family was safe.

FRIDAY SOCIAL CIRCLE

The Friday Social Circle will meet at 2:30 o'clock at the home of Mrs. J. A. Paschall, West College avenue.

Mr. and Mrs. Paul Gordon, of Quincy, were the guests of Mr. and Mrs. John Reeves, at the Cherry Flats, during the week end.

HOLDING SPECIAL SERVICES THIS WEEK

Series of Meetings at Illinois College Under Auspices of Y. M. C. A.

Special religious services will be held at Illinois College this week beginning Wednesday morning, under the joint auspices of the Christian associations and the college. The principal speaker will be J. Stitt Wilson of California. The college associations consider themselves very fortunate in securing the services of Mr. Wilson, who comes as a representative of the State Y. M. C. A. organization.

Mr. Wilson has had a very interesting career and during the last few years has addressed thousands of college students in all parts of the United States. He is a graduate of Northwestern University and while a student there, taking his postgraduate studies did special work in the slums of the great city. A little later he went abroad spending some five or six years in England studying labor problems and working among the poor of that country. The extent to which Mr. Wilson made an impression on his English friends is indicated by the fact that he was urged to become a naturalized citizen of England and stand for election to parliament. He, however, preferred to remain a citizen of the United States, and returned to his country, settling in California. There he became mayor of the city of Berkeley. He is considered one of the most forceful speakers in the Y. M. C. A. work. Many of his addresses are said to have special bearing upon the social and civic responsibilities of Christian people. Mr. O. E. Pence, State Student Secretary of the Y. M. C. A. will come with Mr. Wilson.

The special meetings will be held each morning in the college chapel from Wednesday to Friday inclusive at 9:30. Friends of the college are cordially invited to the meeting. Later announcement will be made regarding the evening meetings.

**How to Make Pine
Cough Syrup at Home**

Has no equal for prompt results.
Takes but a moment to prepare,
and saves you about \$2.

Pine is used in nearly all prescrip-
tions and remedies for coughs. The
reason is that pine contains several
elements that have a remarkable
effect in soothing and healing the
membranes of the throat and chest.
Pine cough syrups are combinations
of pine and syrup. The "syrup" part
is usually plain sugar syrup.

To make the best pine cough remedy
that money can buy, put 2½ ounces
of Pine in a pint bottle, and fill up
with home-made sugar syrup. Or
you can use clarified molasses, honey,
or corn syrup, instead of sugar syrup.
Either way, you make a full pint—
more than you can buy ready-made
for three times the money. It is
pure, good and tastes very pleasant.
You can feel this take hold of a
cough or cold in a way that means
business. The cough may be dry,
hoarse and tight, or may be persist-
ently loose from the irritation of
phlegm. The cause is the same—in-
flamed membranes—and this Pine
and Syrup combination will stop it
—usually in 24 hours or less. Splen-
did, too, for bronchial asthma, hoarse-
ness, or any ordinary throat ailment.

Pine is a highly concentrated com-
pound of genuine Norway pine ex-
tract, and is found on the world over
for its prompt effect upon coughs.

Beware of substitutes. Ask your
druggist for "2½ ounces of Pine" with
directions, and don't accept any-
thing else. Guaranteed to give abso-
lute satisfaction or money refunded.

Mr. Day died at the home of his
daughter, Mrs. Minnie Campbell,
in Roodhouse, Saturday, March
12, at 3:30 p. m., at the age of 88
years, months and 11 days. Al-
tho advanced in years, Mr. Day
had retained his mental faculties
and was able to care for himself
up until the time of his death. Be-
sides his daughter, he leaves four
sons, Thomas, who lives in Mis-
souri; William, of Richwoods;
Douglas and Urvan, who live east
of Manchester.

John Akers and William Aren-
del visited in Roodhouse Sunday.
Miss Nellie Smith spent the week
end with home folks.

Miss Susie Windsor went to
Jacksonville today (Monday),
where she will undergo an opera-
tion for the removal of her tonsils
and adenoids. Miss Windsor has
been suffering from rheumatism
for several weeks, following a se-
vere attack of tonsillitis, and the
operation will be performed in
hopes of improving her health.

Her many friends hope for a
speedy recovery. Her parents, Mr.
and Mrs. Frank Windsor, and Dr.
J. W. Wells accompanied her.

ents, Mr. and Mrs. J. C. Andros.

OBITUARY

Lucretia Craig was born Feb-
ruary 8th, 1834, in the state of
Tennessee, and came with her fa-
ther to Illinois, in 1850. Her
mother died when Lucretia was
about 12 years of age. She was
the oldest of a family of eight
children, of Isaac and Mary Har-
rington Craig, only two of whom
survive, Elizabeth Coats, of Dal-
las, Texas, and Francis Wetherell,
of Carthage, Mo. She is also sur-
vived by two half brothers, Savage
Craig, of Joplin, Mo., and Edward
Craig, of Woodville, Ill.

After the mother died, she assumed
the responsibilities of a mother to her
brothers and sisters, all of whom
were younger than she. She was
married to W. C. Ballard, Novem-
ber 3, 1855, and lived all of her
married life in the neighborhood
of White Hall and Roodhouse. To
this union were born seven chil-
dren, as follows: George W. Bal-
lard, of Roodhouse, Ill.; Franky
Mathews, of Manchester, Ill.;
William I. Ballard, of Barrow,
Ill.; Emma L. Long, of Manches-
ter, Ill.; Ida B. Raines, of White
Hall, Ill.; Inoa Little, near Man-
chester, Ill.; Minnie died in in-
fancy.

Her husband preceded her in
death. He died June 14, 1903.
She united with the Barrow Bap-
tist church about 47 years ago,
and was a charter member of that
church, where her membership re-
mained until her death. While
unable to attend the services of
her church during the past sev-
eral years, she was ever out of
the community and being afflicted,
she never lost interest in the wel-
fare of the church. Since the
death of her husband she has
made her home with her children,
and during the last fourteen years
she considered the home of her
youngest daughter, Inoa Little,
her home, where she remained
most of her time, visiting among
the other children about once a
year.

It was on this annual visit that
she suffered a stroke at the home
of her son, William I. Ballard, of
Barrow, where she remained in a
helpless condition for several
weeks, afterward being taken to
the home of her daughter, Mrs.

RECEIVER IN CHARGE OF
NON-PARTISAN CONCERN

Voluntary Proceedings Were Instituted Monday—Liabilities are Over \$300,000.

Fargo, N. D., March 14.—Announcement was made today that G. O. Johnson of Fargo had been appointed receiver for the Consumers Company, a corporation fostered by the Non-Partisan League and engaged in the mercantile business. Voluntary proceedings were instituted before Judge Moellering of Minot.

The bankruptcy action was taken by the company to protect stockholders, according to Mr. Johnson, who is secretary-treasurer of the company. He said, assets were listed at \$981,000 but that most of this was in the form of notes from stockholders who were unable to pay at present. He said that less than \$200,000 had been paid in.

Liabilities Not Over \$300,000.

Liabilities of the company are not "over \$300,000," according to the petition filed at Minot, which states that a little over \$100,000 is owing to the Scandinavian American bank of Fargo and about \$12,000 to the People's State Bank of Grand Forks.

A hearing will be held before Judge Moellering at Minot on April 9.

The Consumers Stores company which has 37 sales agencies scattered throughout the state, was formed in 1917 with economical distribution of goods as its aim. The stores company was organized by J. W. Brinton, former secretary to A. C. Townley. Farmers purchased certificates for \$100 which entitled them to buy from the stores, which were to sell for cost plus ten percent. The contract by which a store was placed in a community provided that the first \$10,000 realized was to be used for the store and all above that amount could be "used to establish warehouses and educational propaganda."

ROAD CONDITIONS MAKE
GRAIN MOVEMENT SLOW

Poor Condition of Illinois Roads is Factor in Slow Grain Movement, According to Agricultural Statistician.

SPRINGFIELD, Ill. (By the A. P.)—Poor condition of Illinois roads has been a factor in the slow movement of grain from farm to market the past winter, according to a report just made by S. D. Fessenden, Illinois agricultural statistician.

Another factor named by Mr. Fessenden was prices unsatisfactory to farmers.

While the quantity of grain held on Illinois farms on March 14 was great, these reserves have all been exceeded in recent years, according to the report.

Stocks of corn now on Illinois farms are estimated at 141,291,000 bushels, which has been exceeded three times in the last ten years. Wheat stocks are estimated at \$947,000 bushels, exceeded but on during the ten year period. Stock of oats, estimated at 74,320,000 bushels, have been exceeded three times and stocks of barley, estimated at 1,792,930 bushels, have been exceeded once in the past ten years.

Of last year's corn crop it is estimated that 82 per cent or about 241,218,000 bushels was of merchantable quality, while in the crop of 1919, 90 per cent or about 264,600,000 bushels was merchantable. This drop is attributed in large part to the large amount of soft corn harvested last year.

Fed Freely to Stock.

While grain has been fed freely to stock during the winter, nevertheless the estimated amounts of corn, oats and barley that have been or will be shipped out of the county where grown exceed the amounts shipped out from the crop of 1919 Mr Fessenden says.

This is due partly to the smaller amount of live stock on farms and to the fact that the 1920 crop of oats and barley were considerably larger than those of 1919. The estimated amount of wheat that has been or will be shipped out is decidedly small than that shipped out last year.

Mr. Fessenden's report gives the following details for the state of Illinois:

"Corn—It is estimated that 43 per cent of last year's corn crop or 141,291,000 bushels was held on the farms of the state on March 14, 1921, as compared with 111,720,000 bushels on the same date of the preceding year and 135,646,000 bushels, the average of the last ten years.

"It is also estimated that 37 per cent of the crop or 108,842,000 bushels, has been or will be shipped out of the county where grown as compared with 94,080,000 bushels shipped out the previous year, and that 82 per cent of the crop, or 241,218,000 bushels out of the total crop of 294,748,000 bushels was of merchantable quality."

Figures on Wheat Crop.

"Wheat—The reports show that 22 per cent of the crop of 1920, or 39,470,000 bushels, remained on the farms in Illinois on March 1, 1921, as compared with 7,192,000 bushels at the same time last year and 5,490,000 bushels, the ten year average. It is estimated that 50 per cent of the crop, or 24,102 bushels, has been or will be shipped out of the county where grown as compared with 38,092,000 bushels shipped out from the crop of 1919.

"Oats—The estimate is made that 46 per cent of the oat crop, or 74,497,000 bushels remained on the farms of the state on March 1, 1921, as compared with 42,890,000 bushels on the farms of March 1, 1920, and 59,042,000 bushels, the ten year average. It is also estimated

that 48 per cent of the crop, or 77,736,000 bushels, has been or will be shipped out of the county where grown as compared with 56,430,000 bushels shipped out from the crop of 1919.

"Barley—The reports indicate that 28 per cent, or 1,702,000 bushels, of the crop remained on the farms on March 1, 1921, as compared with 1,296,000 bushels on March 1, 1920, and 773,800 bushels, the ten year average. It is also estimated that 30 per cent of the crop, or 1,824,000 bushels, has been or will be shipped out of the county where grown as compared with 1,782,000 bushels shipped out from the 1919 crop."

SEED CORN MUST BE
PROPERLY LABELED

Springfield, Ill., March 14.—A warning to growers who sell seed corn that it must be properly labeled before it is sold, was issued today by Albert C. Wilson, Illinois chief seed analyst. The warning is issued at this time as many farmers are buying their seed, preparatory to spring planting.

The law in regard to seed corn, Mr. Wilson said, requires that the following information be shown on the label or tag when sold in lots exceeding ten pounds:

1. The full name and address of the vendor so selling or offering for sale.

2. The common accepted name of the variety thereof.

3. The name of the county and states where grown, also year in which said seed corn was grown.

"In case the above facts are not known, it should be so stated on the label or tag," Mr. Wilson said. "All producers and dealers in seed corn should have no difficulty in putting the required information on their labels or tags, therefore it should not be necessary to send samples to the chief seed analyst. Failure properly to label or tag seed corn as above would constitute violation of the law, and the offender would be liable to prosecution and fine of not less than five dollars nor more than one hundred dollars."

SELF HELP IDEA A
SUCCESS AT BLACKBURN

Carlinville, Ill.—A day's food at Blackburn college here where every student is required to work, costs only 38 cents according to President W. M. Hudson. This is possible, he said, because the institution has no "help" to pay or feed and part of its supplies comes from the farm.

While domestic science and agriculture are the salient features of Blackburn college, there is also an academic course.

The "self help" idea was put into effect in 1913. In 1912 the institution had an endowment of \$107,000 and the students numbered 35, only two of whom came from outside of this, Macoupin county. The endowment fund at present approximates \$475,000 and the students number 138, representing 16 states and four foreign countries.

It is not all work and no play at the school, however, it was explained, as the institution has football and baseball teams and two literary societies.

U. S. RECOGNITION OF
GREEK GOVERNMENT
IS BEING FORECASTED

Expect That Formal Announcement Will Soon Be Made

ASSUMES ALL FORM-
ER OBLIGATIONS

By Associated Press.
WASHINGTON, March 14.—Recognition of the government of King Constantine by the United States is expected to result shortly from active negotiations instituted by the Greek government with the state department thru the Greek legation here. Letters from King Constantine and Queen Mother Olga, it became known today, containing formal announcement of the ascension to the throne of the king, have been transmitted to the state department by the Greek legation.

One of the obstacles to recognition it was said by state department officials of the last administration was the lack of receipt from the king of formal notification of his taking over the government. Upon this having been made known to the Greek government by the state department the letters of notification were promptly forwarded.

Acknowledged All Obligations

In addition the Greek government has presented to the state department with the Greek premier's declaration to the American minister at Athens in which the new government has acknowledged all obligations incurred by the Venizelos government, particularly its foreign loans. There also has been an appeal to the United States for payment of the fourth instalment of the loan from the credit of \$48,000,000 granted the Venizelos government by the United States treasury.

Under this credit cash advances of \$15,000,000 were made by the Wilson administration. The negotiations conducted by the Greek government looking to recognition and further extension of loans were begun shortly before the expiration of the last administration and have for the moment ceased. They are expected to be continued when the new administration has signified its desire to examine the question after other problems of foreign policy now before the secretary of state have been surveyed.

HEAVY RAIN FALL BRINGS
CHANGE IN ROADS

Chicago.—By the A. P.—Change in the weather has led to change in the roads the Chicago club finds, reporting that roads radiating from Chicago are in a very poor condition due to heavy rainfall. Dirt roads are impassable in some places. Use of chains is advised.

The Meridian Highway from Rockford to Beloit, Wis., is concrete and asphalt to within one mile of Roscoe, then gravel for two miles and fair macadam into Beloit. Beloit to Janesville good concrete.

Roads in the central part of Illinois are not favorable. Practically all dirt and recent rains have made them quite muddy. Several days of drying will make them passable again.

The Cannon Ball Trail from Chicago to Quincy, Ill., via Aurora, Plano, La Moille, Princeton and Galesburg, is in very poor shape. Practically all gravel with stretches of dirt but very rough and muddy.

Roads in the vicinity of Danport are extremely muddy, due to heavy rainfall.

Roads thruout Iowa are in a fair condition. Roads have been dragged.

Missouri roads are again poor, some places impassable. A few days of sunshine and warm weather will put them in a fair shape.

SET EARLY DATE FOR
WHITE SOX TRIALS

Chicago, March 14.—Despite protests of the state's attorney's office counsel for six of the eight indicted Chicago American Baseball League club's former players were successful today in forcing an early trial before Judge Dever in the criminal court.

Judge Dever announced that the case would be called on Thursday and that an early date for the trial would then be set. Former Judge Barrett, special prosecutor, and Assistant State's Attorney Gorman, asserted that the state had lost Cloutier, Claude Williams and Joe Jackson as witnesses. The indictments were said to have been based on their testimony.

MANY ATTEND PRECINCT S. S. CONVENTION

Jacksonville Precinct S. S. Convention held Sunday afternoon at First Baptist Church—Officers Elected for Coming Year.

The Jacksonville precinct Sunday school convention, which was held at the First Baptist church Sunday afternoon, was attended by about 75 Sunday school workers and teachers. The precinct president, Carl H. Weber, presided and a program of especial merit was presented.

It had been announced that the opening prayer would be by Rev. G. W. Randle, but the latter was unable to be present and prayer was offered by Rev. J. F. Langston. Rev. W. H. Marbach, who was to have made an address, was not able to be present because of the every-member canvass at State Street church, and his place was taken by W. H. Crum. The singing was led by Dr. T. O. Hardesty. The program was as follows: Music, by orchestra. Songs, led by Dr. F. O. Hardesty. Prayer, Rev. J. F. Langston. Song. Address, W. H. Crum.

ANNUAL MEETING OF CHAMINADE CLUB

Musical Club Now 25 Years Old—Met at Potter Home Monday Afternoon.

The annual open meeting of the Chaminaide musical club was held yesterday afternoon at the home of Mrs. Homer Potter on Park street. This organization has for twenty five years been an active force in the musical life of Jacksonville. Its members are musicians of ability and ones whose musical ideals are of the highest type. The club includes in its yearly program the study and presentation of the best composers and the finest music. The club always sends representatives to the various musical conventions held each year. This year representatives will go to the convention of the Illinois Federation of Music clubs at Taylorville in April and to the Biennial Festival and convention of the National Federation of Music clubs to be held in June in the Tri-Cities, Moline, Rock Island and Davenport. The hospitality of the Potter home was enjoyed by a large number of guests and members. The splendid program presented was as follows:

GRACE SUNDAY SCHOOL

The special preliminary music by the orchestra each Sunday morning is being greatly enjoyed. Russell Pinkerton played a trombone solo very acceptably assisted by the orchestra. The epidemic of children's diseases effects the attendance of the children in the younger departments. There were in attendance Sunday 286 and an offering of \$11.57. This evening the monthly meeting of the official board will be held. It is desired that a full attendance of the board be present, as matters pertaining to young people's work will be discussed.

Tuesday afternoon the boys under scout age will meet at the church, after school, with Fred B. Hopper in charge.

Wednesday evening the Teachers and officers will meet, supper will be served promptly at six o'clock. Rev. Gowdy will address the workers, a full attendance of Sunday school workers is desired. Prayer meeting at 7:30.

Thursday evening the scouts will meet at the church under Scoutmaster Zellmar. Next Sunday will be "Dad's Day" in the school every man related to the church is urgently invited to attend.

EASTER BUNNIES.

Mullenix and Hamilton have a real, live Easter display in their window in the form of a pen of "sure" muffed rabbits. Nine little baby Belgian hares and their mother are making their home in the window for a few days. They belong to Dr. P. H. Griggs and surely make an ideal Easter display.

RECEIVED BOX OF ORANGES.

Mr. and Mrs. Curtis Tempin, 458 Hardin avenue, received Saturday a fine box of oranges from Bert Blair residing in Florida. It is needless to say the gift was much appreciated.

Mrs. Effie Seers and daughter were in the city yesterday from Bluffs.

COMMUNITY STUDY SHOWS VARIED FACTS

Red Cross Data Will Be Used as Basis for Helpful Activities.

At a public meeting held at the Pilgrim Memorial at the Congregational church Monday night some informal reports based on the community study of Jacksonville and Morgan county under Red Cross auspices were made. H. J. Rodgers, chairman of the executive committee of the Morgan county chapter of the Red Cross, presided. The principal address was by Miss Evelyn Belden of the community study department of the Red Cross, under whose direction the Morgan county survey was made. Miss Belden spent a number of weeks here in the latter part of 1920, and secured the co-operation of 60 Morgan county people in the survey work. The purpose of the survey was to ascertain the community needs and to make plain the best kind of service that the Red Cross can give for its peace time program.

It is the expectation that this survey, compiled into 110 typewritten pages, presents not only valuable reference data concerning conditions in Jacksonville and Morgan county, but that the compilation will suggest other needs and activities.

Other speakers last night were Mr. Grant Berger, Red Cross representative; Miss Marie Phalen, head of the nursing service of the central division; and W. E. Wylie, regional Boy Scout executive. Miss Phalen was in overseas war work for 15 months and was one of the nurses attached to the Red Cross mission to Greece in which Dr. Carl E. Black served. The visiting officials will spend today and possibly tomorrow in Jacksonville for consultation with various Red Cross committees. At intervals various facts from the community study compilation will be published.

Some Survey Facts

The community survey books are complete compilations of the results of the work. In the Red Cross office files are the ones with many good photographs, maps and charts. From the tabulations, Miss Belden will give the facts tonight.

The purpose of the study as explained in the text is to better the community. Certain activities for improving health and social conditions have been organized in Jacksonville and Morgan county for several decades. The citizens have been anxious to better their community life and partly because of the three colleges and three state institutions have enjoyed advantages not common in a county whose largest town is only sixteen thousand.

Nevertheless, pressing social needs are still unmet. Some appeared on the surface to be within the scope of existing agencies, others to require new organizations.

The division of activities in methods of productive co-operation were not entirely clear. Data was gathered, tabulated and discussed by 18 committees, numbering 150 persons, who represented all kinds of organizations and community interests.

Ten branch committees studied their own localities. The subjects studied were: General characteristics, health, housing and sanitation, family welfare and child care, delinquency, recreation and education.

One of the most important subjects was family welfare. The predominating causes of distress in the families from whom information could be secured were physical handicap and ill health, inadequate income or questioned moral ability. In the 47 Social Service families, which were all studied, there were 33 problems of ill health or physical handicap, 15 of inadequate income and 11 of poor management or bad housekeeping. Inadequate income usually refers to large families. Widows or children, blind or old persons, or those with other permanent infirmities frequently call for such prolonged care that public taxes have been appropriated to alleviate them.

Some Recommendations.

The main recommendations of the study are as follows: 1. Expansion of Jacksonville department of health under a trained public health officer who would give full time and be aided by suitable office equipment; this department of health to be county-wide if possible. 2. Constructive family service for the county outside of Jacksonville. 3. Health education classes and propaganda including Red Cross Centers. 4. Red Cross nursing service. 5. Co-ordination of policies and interchange of information between different agencies. 6. Development of recreational activities as described for Jacksonville and for other parts of the county. The Red Cross chapter is recommended to make a more complete county organization. The committee on this survey has found here the keenest interest and most sincere co-operation with their efforts thus far.

LIME WILL HELP GRASS SEED TO GROW

The excellent suggestion has been made by a Jacksonville woman that this is a splendid time not only for the planting of grass seed but also for the spreading of lime-stone as a fertilizer. If bare spots in lawns and in the yards are treated with a light coat of lime-stone the grass will make a much better stand. Much of this soil is sour or acid and the limestone will act directly in aiding fertility.

FORMER WINCHESTER RESIDENT BURIED

Late George Wells Laid to Rest Sunday Afternoon—Carl Woodall Buys Grocery Store of George Owings.—Other Winchester Items.

Winchester, March 14.—The remains of George Wells, former resident of Scott county, whose death occurred at Wichita, Kans., arrived in Winchester Sunday noon, accompanied by the wife of the deceased, Mrs. Martha Wells, a daughter, Mrs. Belle Hendricks, and George Peak. Representatives of the Masonic lodge met the funeral party at the train and accompanied them to the cemetery, where the Masonic ritual was carried out.

The pall bearers were John Kellem, Douglas Campbell, M. E. Murray, L. Mehrhoff, Dr. William Wainwright and Edward Wallace.

Carl Woodall has purchased the grocery store of George Owings. The latter has been in business in Winchester for about forty-five years past and is now retiring from active business life. He has many friends in the community, all of whom will miss him from business circles. Mr. Woodall will conduct the business in the same location.

Robert and Fred Woodall and James Davis left Saturday for a business trip to Florida.

Raymond H. Haggard and family will move to the Frank Hazlerigg property on South Main street.

Boone Martin, of Jacksonville, was a visitor in Winchester Sunday.

The pastors of the Baptist, Christian and Presbyterian churches dismissed their respective congregations Sunday night and all joined in the service at the M. E. church.

The funeral of the late Mrs. Irene Tankersley was held at the Methodist church Sunday afternoon at 2:30 o'clock. Rev. Mr. Corrie officiating. The bearers were Thurman Tankersley, Chester Tankersley, James Tankersley, Joseph Tankersley and Wesley Anderson.

Music was furnished by Miss Olive Wells, Miss Pearl Wilson, E. J. Markille and George Heironymus. The flowers were in charge of Mrs. John Andell, Miss Bertha Andell, Mrs. Wesley Andell, Mrs. Chester Tankersley and Miss Hazel Andell. Interment was made in Winchester cemetery.

CELEBRATED THEIR GOLDEN WEDDING

The golden wedding anniversary of Mr. and Mrs. John Y. Smith was celebrated Sunday at their home in Nortonville.

Fifty years ago, the 13th of March in 1871, Mr. and Mrs. Smith were married in Scottville, Illinois. Both of them came from Tennessee, before this date. They lived in Macoupin County for a number of years, then moved to Morgan county, where they have lived ever since.

Over fifty people, mostly relatives, gathered at their home in honor of the anniversary. At two o'clock a very sumptuous banquet was served by the children and grandchildren, who were present. A huge cake had been made, with fifty candles and in little candles, the dates "1871" and "1921" were written. A bag of gold pieces was presented to Mr. and Mrs. Smith during the day.

They have nine children, 25 grandchildren and two great grandchildren. Of these, Mrs. James E. Rawlings from east of Jacksonville, Shelby Smith of Anderson, Iowa, Mrs. Marion Neese of Kempton, Ill., Eli Smith of Palmyra, Mr. and Mrs. De Long and children, Mrs. Charles Still and Mrs. Fred Still and families of Murphysville, E. W. Bettick and daughter, Miss Georgia Hettick of Jacksonville, and Mr. and Mrs. Emon Newby of Murphysville, were present at yesterday's affair.

Mr. Smith is 77 years of age and Mrs. Smith is 68 and both of them are in good health. They received congratulations from scores of friends in this vicinity.

SAVE PLAY

A play entitled "Friendly Neighbors" was presented at the Baptist church, Monday evening, with a goodly number present. The play was written by Mrs. Richardson, of East College street. The proceeds will go toward the Sunday school building funds.

Wm. Black of Waverly spent Sunday with his sister, Mrs. J. M. Jumper, near Sinclair.

LONG TIME COUNTY RESIDENT PASSES AWAY

Mrs. Martha Goodpasture-Smith of Concord Precinct Died Monday in Ninety Sixth Year.

One of the oldest residents of Morgan county passed away at 8 o'clock Monday in the person of Mrs. Martha Goodpasture Smith, long resident near Concord. Had Mrs. Smith lived until next July she would have celebrated her 96th birthday. During the past year the deceased suffered two attacks of pneumonia and it was this disease which brought about the weakness which resulted in her death.

The deceased was a native of Tennessee and there as a young woman she became the wife of the late Larkin B. Smith. The family home was established in Concord precinct more than a half century ago. Following the death of Mr. Smith in 1900 his widow continued to live at the farm home. There hospitality was firmly established and Mrs. Smith was known as a kindly and helpful friend. As long as her strength permitted she was active in the affairs of Concord Methodist Protestant church, and was a woman who lived earnestly and well.

Eight of the twelve children of Mr. and Mrs. Smith are now living. They are Mrs. Jennie Harshman, Baylis; Mrs. Alice Hamm, Concord; Louis C. Smith at home; T. J. Smith of near Concord; Larkin and Marshall Smith of Jacksonville; Sidney Smith of Concord, and R. T. Smith of Springfield. There is also one stepson, Isaac N. Smith, residing in Springfield. During her declining years members of the family gave her every possible care and thought. The funeral services will be held at 10:30 o'clock Wednesday morning from the residence, with the service in charge of Rev. Mr. Wallace and Rev. Mr. Symons.

CELEBRATE FIFTIETH WEDDING ANNIVERSARY

Mr. and Mrs. John Y. Smith, of Nortonville, have been married half century—Pleasant Family Reunion Held Sunday.

Mr. and Mrs. John Y. Smith, of Nortonville, celebrated their fiftieth wedding anniversary Sunday, their children, grand children and a number of other relatives and friends spending the day with them.

At 2 o'clock a bountiful dinner was served by the children and grand children, the menu including all sorts of good things to eat. A large wedding cake bearing fifty candles and with the dates "1871" and "1921" were written upon it, occupied the center of the table.

Mr. and Mrs. Smith received a number of acceptable gifts, including a bag of gold pieces. They were married in Scottville March 13, 1871, and following a few years' residence in Macopin county came to this county, which has been their home. Mr. Smith is 77 years of age and Mrs. Smith is 68. Both are in excellent health and bid fair to celebrate many more such anniversaries.

Among those in attendance at the celebration yesterday were Mr. and Mrs. James E. Rawlings, of east of the city; Shelby Smith, of Anderson, Iowa; Mrs. Marion Reese, of Kempton, Ill.; Eli Smith, of Palmyra; Mr. and Mrs. DeLong and children, Mrs. Charles Still, Mrs. Fred Still and families, all of Murrayville; E. W. Hettick and Miss Georgia Hettick, of this city; Mr. and Mrs. Emon Newby, of Murrayville.

JOHN STEWART WINS PENMANSHIP PRIZE

In a recent penmanship contest, held among the Read Business Colleges, eight in number, the prize was won by John Stewart, Route 1, a student in the local college. Mr. Stewart made no special effort to this end, taking the work along with the regular book-keeping course. This result means that Mr. Stewart ranked first among the students of eight schools and made the highest efficiency marks among the students, based from the date of entering to the date of contest. This is the second first prize won by the local college. Similar contests are held in all lines of study at stated periods during the year.

Miss Ainslie Moore has returned from her trip to Springfield, where she spent Sunday, a guest of Mr. and Mrs. Benton Neims, at their home on South Second street.

CITY COUNCIL HELD LONG MEETING MONDAY

Many Matters Considered at Regular Session — Primary Vote Canvassed and Result Declared

The city council held an extended session Monday evening, adjournment not being taken until nearly 10:30 o'clock. During the time the body was in session many matters were considered.

Among them was the canvass of the vote in the recent primary election. The ordinance calling the regular municipal election was read and adopted.

When the roll was called it showed all members present except Ald. Cain and Flynn, Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved.

Properly approved claims against the city were ordered paid.

Ald. Williamson spoke of the bad condition of the building at the corner of West Court and North West streets owned by the Fitzsimmons estate. Mr. Williamson said the building was dangerous and a disgrace to the city.

Ald. Moore said the state fire marshal had condemned the building over a year ago but nothing further has been done. It was decided to see what action could be taken in the matter.

Ald. Ehnle reported that a pile of dirt had been left in Alley D from the building of the sewer which made it impossible for Peterson Brothers to reach the side door of their place of business. He also said that East State street where the sewer had been tapped was a bad shape. This matter was referred to Engineer Caldwell for action as he had charge of the work.

Samuel Coultas was present and asked the council for permission to erect a building adjacent to that owned by himself and Timothy Keating on North Sandy street for a hamburger stand. He was told that the plans would have to be approved by the state fire marshal before it could be erected and whatever his decision was the city would have to abide by it.

E. E. Wells asked permission from the council to put in a gas filling station in front of his store in East Morton avenue. Mr. Wells was told by the mayor that the council was not granting permission to erect any stations on city property. The matter was referred to the city attorney for an opinion.

South Main Pavement.

Mr. Wells also called attention to the bad condition of the pavement from Morton avenue to Michigan. He said that something should be done to repair the pavement.

Superintendent of Streets White said that he expected to start on the work within a few weeks. Mr. White also said that the city would do more work this year with the wheel tax money than was done in 1920.

G. H. Reider, a representative of the Springfield paving brick company was present and told the council something of the work that is being contemplated this year. He said that Carlville was planning 19,000 square yards, White Hall 25,000 square yards and Altamont 75,000 square yards. This city Mr. Reider said had a population of only 1,500.

Mr. Reider told something of what was being outlined for Springfield. In speaking of the prices for brick Mr. Reider said that prices were not any lower at present but his company hoped to be able to offer a 30 per cent reduction before long.

Mr. White called attention to the poor work done by plumbers in laying pavement where permits had been issued free of charge. He said something would have to be done or the streets would be in bad condition. He referred specifically to work done recently by George Belzer and the Jacksonville Plumbing and Heating company.

The council on motion voted not to issue any more free permits to plumbers.

The city council then canvassed the vote of the recent primary election and adopted a resolution declaring the result.

The ordinance calling the municipal election for April 19 was adopted with an emergency clause attached.

An ordinance providing for a fee of \$1 on all permits and licenses issued was given a first reading and laid over under the rules. The council then on motion adjourned.

Entertained Loyal Women's Bible Class

Members of the Loyal Women's Class of the Christian church, of which Miss Eleanor Thompson is the teacher, were entertained at the home of Mrs. F. U. Correa, 131 West Walnut street, Monday night. A program was given, including the following:

Piano Solo—Miss Beatrice Dye.

Piano Solo—Dale Leurig.

Vocal Solo—Mrs. C. K. Moore.

Piano Solo—Miss Dorothy Green.

Piano Solo—Mrs. Arthur Burrus.

A number of interesting games were played and in one of the contests the prize was awarded to Mrs. W. O. Swales. The hostesses for the evening were Mrs. F. U. Correa, Mrs. D. L. McCarthy, Mrs. James Green, Mrs. John Roberts, Mrs. Louis Leurig, Mrs. Gertrude Dye, Mrs. William Snyder, Mrs. Fred Wiley. The occasion was a very pleasant one for all present.

Loyal Women's Class Had Party

The Loyal Women's class of Central Christian church had their monthly birthday party last evening at the home of Mrs. Frank Correa, on West Walnut street. There was a business meeting after which a very pleasant social time was enjoyed. There were a large number of the twenty five class members present. The hostesses for this month who assisted Mrs. Correa were Mrs. James Green, Mrs. D. L. McCarthy, Mrs. Wiley, Mrs. Louis Leurig, Mrs. Calander, Mrs. Dye, Mrs. Snyder and Mrs. John E. Roberts. Delicious refreshments were served and the evening was a very enjoyable one in every respect.

Delphian Club Held Meeting

The Delphian Study club met yesterday afternoon at the Public Library. The meeting was led by Mrs. Roy Scott, the president, and the members answered roll call on the subject "Egypt." Several of the members then took part in the afternoon's discussion. Among the subjects discussed in connection with Egypt and the River Nile were, "Antiquity of Egypt," Physical-geography influence of topography on the people, pre-historic Egypt. Sources of Egyptian art history, the Great Pyramids; Memphis, its foundation, Present-Day Memphis, and the periods of collapse after the Pyramid age.

All the discussions in the club are verbal, there being no papers read at all. The members are very much interested in this study course and are very enthusiastic over the new club.

TEACHERS TO ATTEND DIVISIONAL MEET

Notices have been mailed to all school teachers in Morgan county calling their attention to a meeting of the South-Central Division, Illinois State Teachers' association, which will be held in the high school building at Springfield March 25 and 26. March 25 will be declared an institute day, which provides that time spent at such meetings will be considered the same as time taught for all teachers who attend. Superintendent Vasconcellos expects that this county will be largely represented.

A very strong and profitable program has been prepared. It will be one of the big meetings close to home.

Between 1,500 and 2,000 school teachers of this part of the state are expected to attend. The South-Central division is comparatively new in organization, but the territory is so arranged as to get a large attendance at a central meeting place.

Superintendent H. A. Perrin of this city is president of the association; W. E. Buck, vice president; E. C. Pruitt, treasurer; and Miss Olive Wells of Winchester, secretary.

SURPRISE PARTY AT HOME NEAR SINCLAIR

Mr. and Mrs. Willard Young of Sinclair were recently given a very pleasant surprise, when about fifty of their friends came to their home without previously announcing their intention. The evening was spent with games and music and at a late hour delicious refreshments were served.

The company included Mr. and Mrs. William Hull, Mr. and Mrs. John Young, Mr. and Mrs. Clarence Thompson and family; Mr. and Mrs. Ellis Thompson and family; Mr. and Mrs. William Jones, Mr. and Mrs. Rudy Strubbe and family; Mr. and Mrs. William White and family; Mr. and Mrs. E. G. Young, Mr. and Mrs. Rolf and family; Mr. and Mrs. W. W. Young and family; Mr. and Mrs. Thomas Pierce and son; Charles Young, Misses Margaret Thompson, Bertha Roach, Eva Lee Hull, Helen Young Lulu Henderson; Messrs. James and George Jones, Byron Winner, William Strubbe, Theodore Thompson, Carl Boatman and Charles Morrow.

SPECIAL SERVICES AT I. C. WILL OPEN TOMORROW

Announcement was made Sunday at several churches of special services to be opened at Illinois College today under the auspices of the Y. M. C. A. and to continue thru the week. Yesterday a telegram was received by Dr. Ham-melkamp saying that Mr. J. S. Wilson would not be able to come to Jacksonville until today. Therefore the series of meetings will begin tomorrow instead of today.

Mr. and Mrs. Gordon Carter of Chicago are making a brief visit in the city at the home of Miss Grace Carter, 921 West State street.

I. C. FRESHMEN WON IN TWO DEBATES

Judges Here and at Galesburg Gave Their Unanimous Decision Over Knox College.

Freshmen of Illinois College won their debate with Knox College Monday night in fine form. The Illinois College men were awarded unanimous decisions both in Jacksonville and Galesburg. The question considered was, "Resolved, that Illinois should adopt an industrial court similar to that in operation in Kansas." The Illinois team at home maintained the affirmative of the question and the team which went to Galesburg had the negative. The debate in Jacksonville attracted a large audience and this question of so much present day importance was given a thoro presentation, the arguments for and against giving the audience a much clearer idea of the question than they had had before.

Prof. Moore, of Illinois College, faculty, presided. The home team debaters were Ray Grunty, Clarence Weber and Stephen Reid, while Knox was represented by Messrs. Johnson, Cary and Gibbons. The judges here were Prof. Mills, of the history department of Millikin university; Prof. Robinson, of the economics department and Prof. Swan of the history department of the University of Illinois. In Galesburg the Illinois College team included Frank Collins, Lyndell Rose and Richmond Thomason.

The Galesburg representatives were B. M. Taylor, James H. Campbell and Raymond Mitchell. Judges of the Galesburg debate were Prof. Mahle, of the University of Iowa; Prof. B. W. Valentine, and Prof. E. B. Green, of the University of Illinois. Both decisions were given unanimously in favor of the Illinois College representatives.

Following the debate here the Oratorical association gave a reception in the library room of Phi Alpha society, in honor of the visiting team. The occasion was a very pleasant one in every detail.

CHARLES RACE WRITES FROM KELLY FIELD

Charles Race, who some time since enlisted for a period of service in the U. S. navy, has written the following letter to his parents from Kelly Field No. 2: Kelly Field No. 2, March 8, 1921.

At the Barracks.
Dear Folks:
I am writing you this letter to let you know that I am feeling fine and like it very much here. However, I am coming to Randolph, Ill. in a couple of months. I think that is up near Chicago, you know. We will soon move to Ellington Field, Tex. We are our detached service and Ellington is our headquarters at present.

Have you had any trouble getting my mail? Mother has not received any of my letters, so tell her that I am O. K. and not to worry about me.

I was up in a ship today and we looped the loop, also made the nose dive, side skids and everything else. It sure is a wicked feeling the first time you ever loop the loop. It usually makes a fellow sick but it didn't have that effect on me.

Write soon and tell me all the news. With lots of love, I am,

Yours, Charles.

COMMUNITY COMMON SENSE

By H. A. Hollister
State High School Visitor

Man cannot exist without water. Throughout the ages a supply of pure water has been a first consideration of the home builder, and with the increase of population and the development of varied industries the problems incident to the obtaining of an adequate supply of water to quality and quantity. Originally streams and natural springs were sources sought where communities undertook to provide a water supply. In mountainous districts the melting snows and mountain streams mostly isolated from human habitation are brought into service. But the vast plains of prairie districts of this and other lands present a more difficult situation. The artificial drainage of agricultural lands and the denuding of forest areas has rendered the streams of these comparatively level and low-lying expanses unreliable for water supply in sufficient quantity, especially thru the summer months. At the same time, sewage from cities and towns and the offal from pastures, stock yards and factories with the consequent infiltration of noxious elements, have rendered the water from these natural sources largely unsafe.

As a result of these conditions, the resort for water supply of our cities and towns is now chiefly to deep well systems. But in our prairie regions, and especially where we have a distribution of coal measures, the deep wells, even, often yield water so impregnated with sulphur or various salts as to make its use very unpleasant, if not actually dangerous. The community should see to it that suitable areas are reserved, adjacent to the city, where deep wells may be sunk and reservoirs maintained when the community outgrows its present water supply. And these areas must be in places essentially free from risk of pollution thru the character of the surroundings.

In man's extremity as to its supply, water becomes a priceless thing. Therefore the methods used in providing it for community consumption should always be kept under community control, lest advantage be taken of this fact for undue profit of individuals. Two methods of maintaining water systems are in use: Private ownership under franchise and community or public ownership. The former is thought to be the more efficient generally and the latter a better protection of public interests. But this again would vary with conditions. A bad community organization and government might make the situation worse even than a profiteering private ownership. On the other hand, a properly guarded franchise and contract under private ownership may give a maximum both of safety and service at a fair cost.

When we consider the part that our water supply plays in our homes, our schools, our business and as a means of fire protection, it would seem that every citizen should be familiar with the nature and adequacy of its present and prospective supply, its health qualities and its cost. Our sons and daughters should be instructed with regard to this fundamental community value. It would, indeed, be well if practically all the people might assemble once a year and have presented the facts concerning a service so vital to community life and happiness.

THOUSAND NEW L. A. A. MEMBERS

Joint membership campaigns in Clay and Cumberland counties have resulted in a thousand new Illinois Agricultural Association and county farm bureau members, according to the report made by J. C. Saylor, organization director, to the executive committee of the Illinois Agricultural Association. Two other southern Illinois counties are planning membership drives.

The first standard front gate farm signs, giving space for the farmer's name and signifying his membership in his county, state and national farm organizations, have been ordered for the entire 370 membership of the Marshall-Patterson counties farm bureau, as reported at the executive committee meeting of the state association.

The entire executive committee has laid plans to meet at Springfield, March 14, with officers of other Illinois organizations interested in grain marketing, to choose the fourteen state delegates for the ratifying convention of the Committee of Seventeen grain marketing plan, at Chicago, March 14.

J. R. Bent and Lee J. Quasey were appointed to represent the Illinois Agricultural Association at the traffic conference in Chicago, March 14, where plans for lowering farmers' transportation costs will be weighed.

Everybody likes good candy. There's lots of pleasure passing around a big box of appetizing-looking and appetite-satisfying candy.

It's a pleasure for you, and it certainly makes a hit with all the boys and girls. Even the older folks are glad to have some in the house—when friends call. Make some delicious Karo Divinity Candy next time any of the young folks drop in. It's great fun, and costs little. Just take—

54 cups Granulated Sugar 3 cups Cream

2 cups Karo (Green Label)

A few drops Maple Flavoring

Beat until the mixture forms a ball when tried in cold water. Put the pan into a pan of cold water. If you wish, add one pound nut meats. When cool beat with a cake spoon until the candy is creamy. Pour into a loaf pan lined with oiled paper.

NOTE: The candy is hard to "beat" at first, on account of the syrup, but after a little beating the mixture becomes thin and is easy to beat. When it begins to get hard again, pour into the pan.

If desired, fruit may be added as follows:

1 small box of Candied Cherries

1 slice of Candied Pineapple

1 pound Almonds

Your Protection

Do not be deceived by cans containing syrup, that might look like Karo. The name "Karo" is on every can of original Karo—look for it and be assured of full weight cane and highest quality.

The Original All-Record Phonograph Without Attachments

Such is The Brunswick, and part of its fame is due to this innovation. Until the coming of this noted instrument, most Phonograph owners had to be content with a one record instrument. Brunswick made this idea out of date.

There has been many attempts to equal The Brunswick, but devices and attachments never bring the desired result. The Ultona is part of The Brunswick inbuilt, and it plays every record at its best.

Another exclusive feature is The Brunswick Tone Amplifier, built entirely of wood; it has no cast metal throat, as is usual.

Brunswick

This scientific Tone Amplifier, built according to acoustic laws, gives truer, richer tone. It reveals hitherto lost shadings.

Hear The Brunswick before you buy a Phonograph. Note its unequalled tone, its superb cabinet work, its many betterments. You will hardly believe all the good things they say about Brunswick's, until you see for yourself.

SCOUT EXECUTIVE MADE ADDRESS HERE

Community Forum Speaker Sunday Night was C. M. Finnell, Boy Scout Executive of Springfield—Centralized Organization Urged.

At the community forum at the Congregational church, Sunday night the speaker was C. M. Finnell, the Boy Scout executive of Springfield, Mr. Finnell dwelt particularly upon the desirability of a centralized organization of Boy Scout troops and said that he came to this city for the purpose of urging the formation of this sort of an organization.

The plan which is followed in Springfield was explained in detail and those in the audience Sunday night were made to realize the benefits of the central organization. In the capital city there are now 30 troops with a membership of more than 400. The work of the Scouts is under the direction of a central office, which is in charge of a paid executive. In this way the work is unified and standardized in a way which would not be possible if each troop proceeded in an independent way.

The speaker also explained in detail the council or honor courts. To these courts are referred all matters calling for discussion and promotions are also made by these courts.

Mr. Finnell said that while a budget of \$5,000 a year would be necessary to carry on a similar program in this city, that the same would make this expenditure seem relatively small. He declared that what has been accomplished in the Boy Scout movement in the past is as nothing as compared with what may be done if the work is unhampered by lack of funds.

LABOR WAGES

The investigation being conducted by Decatur division officials of the Wabash as to the rate of pay given common laborers at towns and cities along the line according to the Decatur Review shows the labor rate of pay to be all the way from 25 cents up to 55 cents an hour. The division officials did not attempt to strike any average on it but have simply sent the report to general offices.

"I don't know what the higher officials will make out of it," said Superintendent J. E. Stumpf of the Decatur division. "The lower amount of 25 cents and hour is the amount paid in some of the very small towns, usually in the country elevator. I think whatever figures arrived at will be the amount offered common labor all over the system. They may possibly offer a little more to those living in Chicago, St. Louis and the big cities as it naturally costs more to live in those places."

Closing out sale, Wed., March 16.—Frank Mawson.

NO POSITIONS OPEN IN CHICAGO STOCK YARDS

Chicago, March 14.—The big five packers today issued a warning to unemployed persons in other cities not to come to Chicago seeking work in the stock yards as positions were not available.

The packers said they had been swamped today with applications for work from men from Detroit, St. Louis, Cleveland and other cities.

FORMER RAILROAD EXECUTIVES CALLED

CHICAGO, March 14.—Four former prominent railroad executives will take the stand before the railroad labor board Friday in answer to a summons issued by the board today.

T. DeWitt Cuyler, chairman of the Association of Railway Executives and his assistant Robert S. Binkerd, will be called Friday. W. W. Atterbury, vice president of the Pennsylvania and Carl R. Gray, president of the Union Pacific will probably take the stand late Friday.

Decision to request the appearance of the executives was made after Frank P. Walsh, attorney for the labor unions in the rules hearing now before the board has refused to proceed with the case until the railway men had been called.

PIGS GAIN ON BUTTERMILK

Tests conducted at the Iowa Agricultural Experiment Station have shown that buttermilk is a good feed for pigs. In four trials in which from two to ten pounds of buttermilk were fed daily to fattening and growing shoats, it was found that one hundred pounds of buttermilk replaced six pounds of corn and six pounds of meat tannage.

One group of pigs was self fed, cafeteria style; another similar group was fed exactly the same ration, with the exception that it was given so. . . buttermilk daily.

Pricing the corn at 76 cents a bushel, or \$27.14 a ton, the corn replaced was worth 8 cents and the tannage replaced at \$85 a ton was worth 12.5-12.2 cents; making the total replacement value 36 1-2 cents per hundred pounds.

From this it will be seen that, as corn and tannage increase in price, the buttermilk becomes more valuable, while, on the other hand, if corn and tannage go down, it decreases in value. The greatest value of buttermilk comes with limited feeding; for, when fed in large quantities, it is worth less per hundred pounds. In a test in which the growing pigs were given all the skim milk they could possibly take, which amounted to a little more than 32 pounds daily, the corn replacement value of 100 pounds was worth 25 cents.

Pigs relish buttermilk. Feeding it results in more rapid gains. It has proved to be an excellent protein supplement and does wonders when included in the ration.

LEFT-OVER PIE CRUST

Tarts are the time-honored method of utilizing left-over pie crust. However, it may be used in other ways. If the pie crust is baked in muffin pans, or better still, baked on the outside of muffin pans and filled with creamed meat or vegetables, it is sure to be appreciated.

They are Happy and Well

You Should Be the Same

A LARGE number of women's ailments are not surgical ones. Serious displacements or radical changes have not yet taken place.

A tiny part in a fine clock may become loose and cause the clock to gain or lose. If not attended to in time, the part may fall from its place and cause serious trouble. So it is with women's ailments, they start from simple causes; but if allowed to continue, produce serious conditions.

When the warning symptoms are first noted, take Lydia E. Pinkham's Vegetable Compound to relieve the present troublesome ailment, and to prevent the development of serious trouble.

North Troy, N. Y.—"When I was a young girl I had a severe female trouble. Mother gave me Lydia E. Pinkham's Vegetable Compound and after taking several bottles I was strong and well. When my daughter got married she was feeling miserable and I recommended your medicine. She is greatly improved in health and has a beautiful baby boy four months old. So you see this letter comes from the third generation and you may use it as you wish."—Mrs. R. M. GREENAWAY, 667 4th Ave., North Troy, N. Y.

Hutchinson, Kan.—"I was about 13 years old when I developed a female weakness. My mother took me to a doctor and I doctored for several months. I was too sick to do anything, was as thin as could be, and my complexion was yellow. Mother had used Lydia E. Pinkham's Vegetable Compound and it had helped her so much that she got some for me and before I had finished the second bottle I was feeling fine and have been ever since."—Mrs. J. A. STEVENS, 716 E. 9th St., Hutchinson, Kansas.

Many such letters prove the virtue of
